

Five Plump, Cold Penguins

Five plump, cold penguins, five plump, cold penguins.

Refrain

See how they waddle, see how they waddle.

They all ran up to the top of the ledge.

One jumped right in by the water's edge.

He swam away and they said this pledge.

Continue down to one.

One plump, cold penguin, One plump, cold penguin

See how he waddles, see how he waddles.

He ran and ran to the top of the ledge and jumped right in by the water's edge. There was no one left to recite the pledge.
